I have the honor to forward herewith report No 53/26-27 dated 9th August 1926 from the President of the Chikballapur Municipality regarding the construction of the Town-hall under the supervision of the Public Works Department and to state that the Municipal Council have resolved that the work may be carried on under the supervision of the Public Works Department the usual charges of supervision the establishment tools and plant being waived as a special case

2 The Council have also requested that a grant of Rs 3 000/- from Government may be obtained for the completion of this old work which has been pending from a long time and a separate recommendation has also been made for the grant of 3 000/- from theState Funds In view of the fact that the Municipality is not able to provide necessary funds for the supervision and other charges payable to the Public Works Department I think that the request of the Council is reasonable and therefore recommend that the work may be ordered to be carried on and completed under the supervision of the Public Works Department, the contribution payable to this Department being waived as a special case

Sir

With reference to Government order No 7739-48/PW 35-25-20 dated the 28th March 1924 sanctioning an estimate for Rs13956/-for the construction of a Town Hall building at Chikballapur and permitting the Municipal Council to get the work executed under their supervision as resolved by them, I have the honor to state that the present Municipal Council, on the recommendation of the Town Council Committee, have resolved at their meeting held on the 19th ultimo to request the Government to kindly get the portion of the work remaining to be executed viz super structure and roofing through the agency of the Public Works Department and by the present contractor As the chief reason for the former Council proposing to take up the work themselves was their inability to meet the supervision and other charges of over Rs2000/- which they would have had to pay if the work was executed by the Public Works Department the present council have resolved to approach the Government with a request to waive this contribution payable to the Public Works Department as in the case of Kolar and other municipalities

The Council therefore beg of you to kindly recommend the case to Government favourably and arrange to get the work done by the Public Works Department free of supervision and tools and plan charges

From A K Syed Taj Peeran, Esq , B A ,

Deputy Commissioner, Kolar District

To R Ranga Rao, Esq , B A , B L ,
General *Secretary to Government of Mysore,*

Sir

With reference to your letter No 4591-11 91-26-7 dated the 17th January 1927 enquiring whether the Municipal Council of Chikballapur are agreeable to meet the cost of the estimate of the town hall buildings as may be revised by the Public Works Department, I have the honour to forward herewith a file of correspondence ending with report No 466/26-27 dated the 28th February 1927 from the President of the Municipality stating that the townhall building is nearing completion and that it is not therefore possible to hand it over to the Public Works Department The President requests that the present revised estimate for 18,500/- may kindly be sanctioned by Government I therefore request that the said estimate may be sanctioned as already recommended in my letter of the 24th December 1926

2 As regards the State Grant of Rs 3000/- requested by the Municipal Council to be paid out of the current year's grant of Rs 10000/- sanctioned by Government in their order of 21st September 1926, for the improvement of Towns in this District, I may state that I have made a proper distribution of the amount among the several Municipalities for the improvement of towns and water supply and have allotted a sum of Rs 1000/- for the Chickballapur Municipality for the improvement of drainage system and for meeting the cost of a well newly sunk in the town I shall be asking the President, however, to utilise this sum of Rs 1000/- towards the construction of the Town Hall building, instead of the former work in view of the urgency of the matter I think that it is not

not possible to allot any larger sum out of the current year's grant, for the town hall building

3 As this building has been unhappily dragging on from a considerably long time and as the Municipal Council are not in a position to meet the entire cost of completing the - building without the help of the Government, I request that a sum of 2000/- may kindly be ordered to be paid from the amount of the state grant for the year 1927-28 for the improvement of roads

Deputy Commissioner,

Kolar District

Sir,

With reference to your Memo No A 5-C 1049/26-27 dated the 24th ultimo forwarding copy of Local and Legislative Secretary's letter No 4591-Ml 91-26-7 dated 17-1-27 enquiring whether the Municipal Council are agreeable to meet the cost of the estimate of the Town Hall building as may be revised by the D P W so as to include the claims of the original Contractor etc , I have the honour to state that the subject was duly discussed by the Municipal Council at their meeting held on the 3rd instant and it was resolved that no alterations may be made in the revised estimate of the Town Hall building for Rs 16,500/- now submitted for sanction of Government as the Municipal Council have already sanctioned a sum of Rs 968-13-0 to meet the claims of the original contractor (vide their resolution No 10 of 3-2-27) and as the question of handing over the charge of the building to the D P W which is nearing completion has been considered by the Municipal Council as unnecessary at this - -- stage as per resolution No 12 of 3-2-27 herewith submitted

2 Under these circumstances I beg to request that the

sanction

sanction of Government for the revised estimate may kindly be obtained at an early date The original estimate already sanctioned for this work amounted to Rs 13930/- The work has been pushed through vigorously and all advances made so far for materials etc , have been adjusted on regular work bills showing work actually done So far the Council ha e made payment of Rs 10837/- Under the authority of the old sanctioned estimate the Council can incur expenditure up to the amount already sanctioned Viz , Rs 13930/-. The revision of the estimate was found necessary only for providing for deeper foundations The old rates have not at all been revised and there should be no objection on this score The new provision made in the revised estimates for foundations has already been incurred and is included in the amount already paid viz Rs 10837/- What is now required is only a formal sanction by Government, after expert scrutiny of the revised estimate now submitted As regards financial arrangements for paying this amount this year, the Council will make another detailed report showing ways and means for doing so in this financial year alone I may mention here that the Council have asked for a Government grant of Rs 3000/- in this office No 59 dated 9 8 26 to be placed at their disposal during this year towards this work The Council learn informally that Government have been graciously pleased to sanction this amount of Rs 3000/- It would be a very great help to the Council if this amount is sanctioned out of the current year's allotment for the District especially as it is learnt that the Kolar Town Hall may not require all these funds during the current year Any how the Council will make reappropriation proposals this very year for meeting the expenditure involved on this work up to the amount of R 13930/- which has been sanctioned and trust that the extra amount involved of nearly Rs 3000/- will

will be paid by Government this very year out of the allotment for the District

It is requested that the estimates may be sent to the Chief Engineer for early scrutiny and that sanction of Government be obtained with the least possible delay as the Council are very eager to complete this long pending work The Deputy Commissioner during his last visit here has inspected the building and has been pleased to instruct the council to push on with the work which has been pending since 1901 The construction of the Town Hall was intended to ~~solemnise~~ Solemnise the installation of His Highness the Maharaja and it is their loyal desire to have it opened at least on the Silver Jubilee day The Council hope to have the strong and valuable support of the Deputy Commissioner in this behalf

Copies of the resolutions bearing on the subject together with the plan and the estimates received with your memo under reference are herewith submitted

I have the honor to state that an Estimate for Rs 13,930/- was s
acctn by Government in their Order No L
3 6/26 7739-41 mf 36 23 20 of the 28th March
1924 for the Construction of Town Hall
at Chickballapur and in the Course of
execution of the work, it was found
necessary to increase the depth
of the foundation from 5 to 10½
BSR as no hard bed was found at the
former depth The foundation was
examined by the Executive Engineer
of the Kolar Division and under
his professional advice, it was
thought desirable to increase
this depth to 10½ feet at an extra
of Rs 75/ The filling up

of Cive cubic foundation with Stone
in Sand involved an additional
expenditure of Rs 1375/ The old
Stones which were procured in
the Original Estimate for the foundation
and basement of the building
having been fully utilised, Separate
provision for new Stones had to
be made at a Cost of Rs 887/
In addition to the above, two cubic
Stones of expenditure aggregating
Rs 175/ had to be met for digging
and fleeting out Stones from the
foundation and as we under-
Contemplation to raise the basement
from 1½ to 3 feet at an cubic Cost
of about Rs 275/

In all, the Consol has
to incur an cubic Cost of Rs 2787/
over and above the estimate
Sanctioned by Government in the
Orders referred to above and I
request that the Sanction of Government
may kindly be obtained very
